# NYC™

Health

MPV

by: Afrah Almoutiri

Overviews:

The goal of NYC healthy project would be an identification of the subway stations that have the most crowds to start implementation build a vaccine center

Top 10 Stations by Total Entries (April -February 2021)

To start exploring this goal, I used a linear chart model to describe which busiest station in NYC subway.

This result suggests the busiest station is 34ST-PENN STA
